Logistics Manager – setup

The initial setup is identical whether you are the client or the end user.

Go to <u>www.zipzap.eu</u> and click on All Downloads.

Go into Shop and then LogisticsManager

Go into LogMan and this screen will appear :-

5	Installing LogisticsManager
	How do I install this application?
	1. Click the "Download" button to start downloading the setup program of the LogisticsManager application (INSTALL.EXE file) . (a confirmation may be requested according to the browser).
	2. Once the download operation is ended, run the program.
	3. Follow the instructions given by the setup program of the application.
	DOWNLOAD
To directl	ly run the setup once it was downloaded, select "Run" in the browser.

Click on Download. It will download a file called INSTALL.EXE which you should Save and then Run.

Opening INSTALL.EXE		×
You have chosen to open:		
INSTALL.EXE		
which is: Binary File (407 KB)		
from: https://www.zipzap.eu		
Would you like to save this file?		
	Save File	Cancel

You may get a Windows Defender Smartscreen option. Choose Run

×
SmartScreen can't be reached right now
Check your Internet connection. Windows Defender SmartScreen is unreachable and can't help you decide if this app is ok to run.
Publisher: ZiPZAP Computers Limited
App: INSTALL.EXE
Run Don't Run

You will see the files downloading.

If you are asked what type of Setup you want choose QUICK SETUP.

At the end you will get a Logistics Manager shortcut on the screen.

During installation it may ask if you wish to download the Windev runtime DLLs from PC Soft. Say Yes to this.

You should now be able to run the program.

Logistics Manager Cloud Application	
1000	New Site 🐴
192.168.0.23:4900	

If you are the Client then you will be issued with Key 1 and a password.

If you are an end user then you will be given Key 1, Key 2 and a password.

If you are told to use a particular website then you should click on New Site and type in the site name you have been given. The program will restart to invoke this.

The details in the lower left of the screen will change as a result.

You will get a screen like this :-

Depending on your access you may be blocked from entering certain areas of the system.

For End Users to enter a job they go into Actions and Browse All Jobs.
